2014 GRAFFITI  
2014 GRAPH DAY  
THE WRITING'S ON THE WALL

The Environmental Committee in cooperation with the Graphic Design program of the School of Arts and Education Sciences and Engomi Municipality have scheduled an innovative event for the University Students into the underpass area of the Archangelos Avenue, west of the Campus.

The event will be held on the **27th October 2014** from **10:00 – 14:00**.

Freshmen students of the Graphic Design program will create graffiti graphs on the walls of the underpass. The concept of this event is to improve the urban visual image of the underpass and to establish its use. By using this underpass, students can move between the Campus and the parking (next to Kykkos Flower Shop) with security.

That parking has a capacity of 100 cars and is open only to University students, faculty and staff.

Students and staff are welcome to attend the event and support the efforts of the students who will create their graffiti artwork.
